

Ms. Ann Lawlor,

I would like to express my extreme gratitude for your decision in awarding me the Darrell Green's Dulles Greenway Citizenship Award. I am very appreciative of your monetary gift towards my education. I am planning on using the money towards an upgraded computer that will help better my studies in the field of Psychology. With the money, I am able to get the correct computer for bettering my opportunity for succeeding in the field of Psychology. Thank you so much for your support in my education! I appreciate the award greatly, and will promise to do my best to put the money to its best use! Thanks again!

Sarah Jones
